Dear Mr President!

The Humanistic Outlook Group predicts that to prevent future pandemics and consequently a WHO, UN, CoE and EU crisis, first and foremost it is necessary to find out: **a) what prompted representatives of the 28 WHO member states on October 29, 2021, to re-nominate Mr. Tedros as Director General of the WHO for 2022-2027? b) Why is he the only candidate in the world for the post of Director General of the WHO? if he repeatedly violated Article 1 of the WHO Constitution and Article 1 of the UN Charter in 2017-2022. Specifically:**

- **He has failed to prevent a COVID-19 pandemic outbreak in 2019.**
- **Hasn't been able to defeat it in almost three years.**
- **He doesn't say when he will defeat the pandemic.**

• At a WHO briefing on 11 August 2021, he personally acknowledged that after endless quarantine measures and an increase in vaccinations that followed his recommendations, cases and deaths, instead of decreasing, continue to rise: **“By contrast, we have several effective vaccines for COVID-19, and yet cases and deaths continue to rise”** source: para. 11. <https://www.who.int/director-general/speeches/detail/who-director-general-s-opening-remarks-at-the-media-briefing-on-covid-19---11-august-2021>

• The constant fear and panic of new waves of pandemics has weakened the immune system of the population, and the weakening of the immune system has led to increased illness and death.

• The unending international public health emergency (PHEIC) and therefore the unending “Quarantine and Lockdowns” have triggered a social, political, cultural, humanitarian crisis, violations of almost all rights and freedoms, and together have caused a crisis in the activities of the UN, the Council of Europe and the EU.

• Mr. Tedros in order to seize the political power and for re-promotion to the post of Director-General of the WHO in May 2020 established an independent commission on pandemic preparedness and response: **“The Director-General asked H.E. Ellen Johnson Sirleaf and the Rt Hon. Helen Clark to convene an independent panel for this purpose and to report to the World Health Assembly in May 2021.”** source: p.8.para.2. https://theindependentpanel.org/wp-content/uploads/2021/05/COVID-19-Make-it-the-Last-Pandemic_final.pdf

• The Independent Panel, in order to achieve the private interest of the employer, and perhaps for that **“Pandemic Dictatorship”** to become a constant companion of history, in its report recommends.: **“WHO to be given the explicit authority by the World Health Assembly to publish information about outbreaks with pandemic potential on an immediate basis without requiring the prior approval of national governments”** source: p.53.Para.2. https://theindependentpanel.org/wp-content/uploads/2021/05/COVID-19-Make-it-the-Last-Pandemic_final.pdf.

We hope that the taking into account Humanistic Outlook Group’s forecast will help to eliminate the existing threat to the sovereignty of many states of the world and danger of the disappearance of human values.

Respectfully yours,

A. TSERETELI
